

# JANUARY 2022

---

SNA started off the new year by having our first meeting of 2022. We kicked off the new year by telling each other about our break and having a great time!

On the business side of things, the new year brought SNA many votes to discuss. The votes consisted of donating money, getting another fundraiser going, and what all awards we should send for the upcoming national conference.

Pictured is two of our SNA members, Hannah Farmer (left) and Emma Farmer (right) with our new dean of nursing, Dr. Gordon!
